Visual Enterprise Funds Tracker

Envision Solutions Limited

VISUAL ENTERPRISE FUNDS TRACKER

CONNECTING TO EVALUATION SERVERS

The following steps relate to those companies who request a free evaluation of the Visual Enterprise Funds Tracker.

CONNECTING VEFT TO THE DATABASE:

- 1. After installation, please start the software to log-in page.
- 2. Press the function key (F7) on the keyboard.
- 3. In the resulting screen:-
 - In the server name put [to be supplied]

Please note that on some networks that IP Address and Port number (4910) may have to be enabled before download.

- In the data base name type [to be supplied]
- In the user name box type [to be supplied]
- In the password box type [to be supplied]
- 4. Click the 'Done' button.
 - If you are taken back to the VEFT log-in page, then all is well.
- 5. Envision's Customer Care will supply details on the Evaluation Account and Logon to be used.
